brass-U-shaped profile
3x3mm.

At this length of the candle light
you please stabilize the top seam with
a 3x3mm brass U-shaped profile.

Without the extra profile the copperfoil
might peel off, for example when
cleaning the glass..

CandleLite " Alice " approx. 11 x 55 x 9 cm (4,5 x 22 x 3,5")

Of course you can choose any length.
Here, the upper edge is 55cm (22") long.

bottom cut from mirror 8,2 x 55,2 cm

I recommend to coat the mirror edge with mirror protection varnish.
It is also useful to make the copper foil overlap at the mirror's coated side a little wider.

After the final cleaning of the light I recommend to paint the bottom - this looks more professional than the usual mirror coating.

The rubber bumps ensure the perfect stand even on sensitive ground.
