scale 1:3

At the upper edge please solder a 2mm brass tube or a sturdy wire for reinforcement.

The view from top into the light. Through this opening you put the cable with plug and switch (2-way power cord 20 106 02)

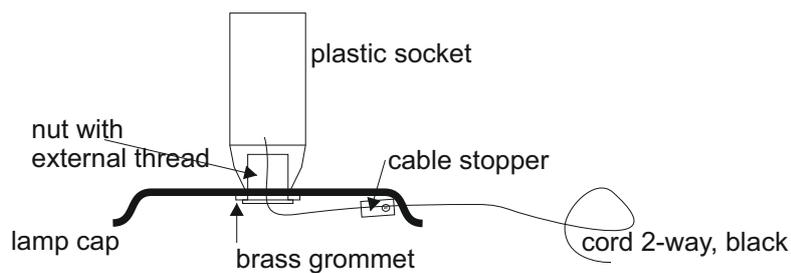

As a light source, either use a small pre-wired lamp base or you assemble the lamp socket yourself, as shown below:

These parts you need for a lamp:

Thus the individual parts are assembled:

Here the ready lamp:
