

Room design - **Rose Flower** - Original size approx. 82 x 90 cm / 32" x 35"

"Rose Flower "

The rose is probably the most frequently reported flower with a long reaching tradition. A reoccurring subject in poetry. The flower of love, with countless varieties described in botany. In various colors, shapes and sizes, always an appropriate flower for any occasion.

So why not use it as a glass flower design for the wall?

The transparent red and clear glass rose shaped flower shown here, needs the right space, to have the appropriate effect.

Ideally situated in a spacious open living area, as well as in an office and conference room.

An initially unexpected style of wall design, which evokes positive emotions, you can almost feel the formally and classical pleasant scent of rose petals.
