

Boats of the World - Caramoan Banca

© www.inspiration-for-glass.com

CandleLite “ Caramoan banca “

CandleLite Boat “ Caramoan banca “ approx. 6 - 8 x 56 cm (3 x 22")

Material for one light:

- textured clear glass
- 2 different colors cathedral glass
- mirror for the bottom

This example shows:

- Spectrum 100 CZ, clear
- Spectrum 151 RR, red
- Spectrum 171 RR, orange

pattern in original size

At this length of the candle light you please stabilize the top seam with a 3x3mm brass U-shaped profile.

Without the extra profile the copperfoil might peel off, for example when cleaning the glass..

Bottom cut from mirror

I recommend to coat the mirror edge with mirror protection varnish. It is also useful to make the copper foil overlap at the mirror's coated side a little wider.

After the final cleaning of the light I recommend to paint the bottom - this looks more professional than the usual mirror coating.

The rubber bumps ensure the perfect stand even on sensitive ground.
