

# Candle Holder - Star Light S

© [www.inspiration-for-glass.com](http://www.inspiration-for-glass.com)

Candle holder " star light " approx. 10 x 10 x 20 cm / 4" x 4" x 8"

Material for one candle holder:

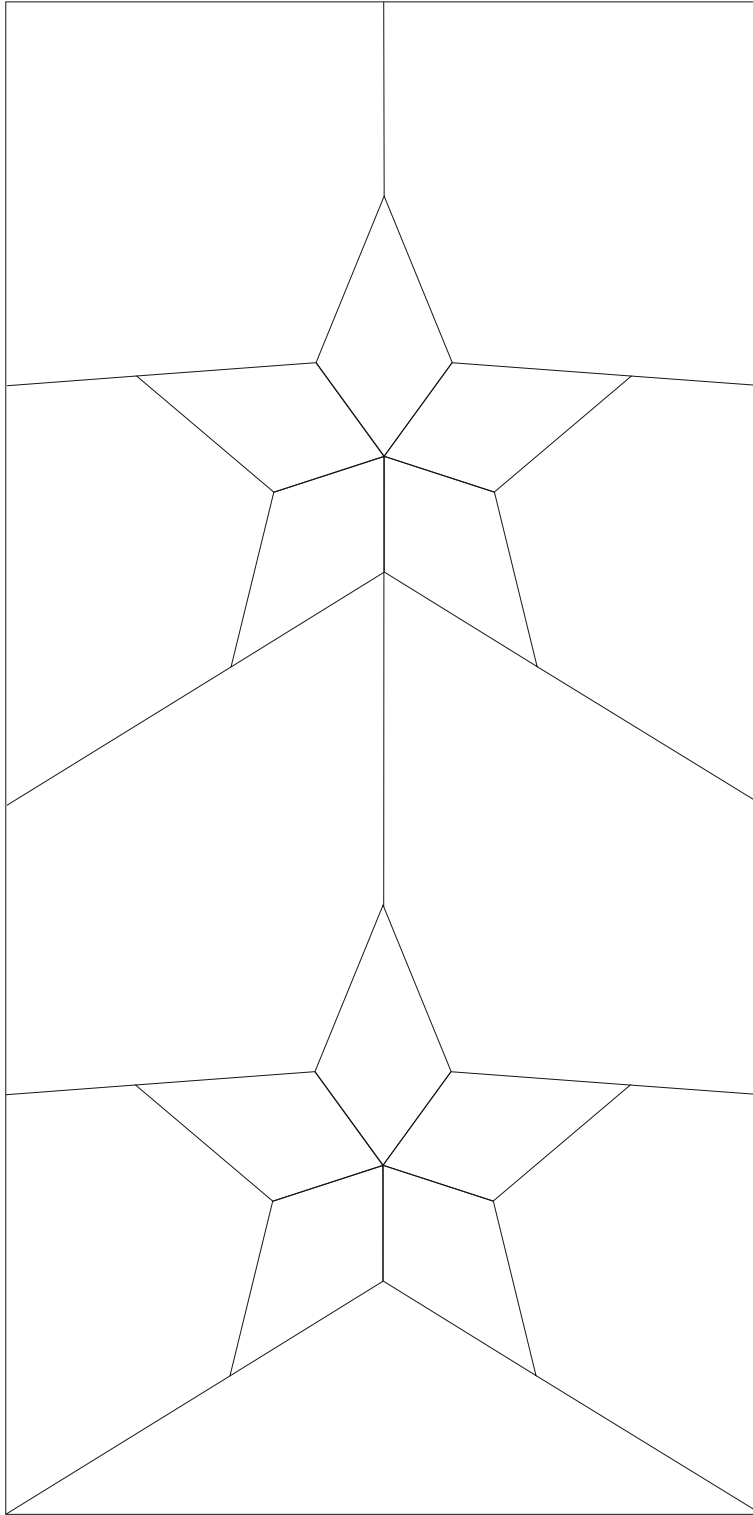

4 glass pieces 10 x 20 cm  
8 stars from bevel set 8561001

mirror for the bottom approx. 10 x 10 cm  
or much better mirror bevel 4"x4" ( 8534104 )

In the example used glass:  
Uroboros 11-38.

Original size

100 x 200 mm

Solder the total of eight stars ready first. Now cut four stained glass rectangles to 10x20cm.

Place the stars on the colored glass and trace the edges of the star.

This is now your pattern. This is the only way the solder seams will fit exactly, because the otherwise the stars can easily turn out differently.
