## CandleLite "Alice"

CandleLite "Alice" approx. 11 x 55 x 9 cm ( 4,5 x 22 x 3,5" )

### Material for one light:

textured clear glass  
2 different colors cathedral glass

mirror for the bottom

This example shows:

Spectrum 100 CZ, clear  
Spectrum 151 RR, red  
Spectrum 171 RR, orange

brass-U-shaped profile  
3x3mm.

At this length of the candle light  
you please stabilize the top seam with  
a 3x3mm brass U-shaped profile.

Without the extra profile the copperfoil  
might peel off, for example when  
cleaning the glass..

pattern in original size

CandleLite " Alice " approx. 11 x 55 x 9 cm ( 4,5 x 22 x 3,5" )

Of course you can choose any length.  
Here, the upper edge is 55cm ( 22" ) long.

bottom cut from mirror 8,2 x 55,2 cm

I recommend to coat the mirror edge with mirror protection varnish. It is also useful to make the copper foil overlap at the mirror's coated side a little wider.

After the final cleaning of the light I recommend to paint the bottom - this looks more professional than the usual mirror coating.

The rubber bumps ensure the perfect stand even on sensitive ground.
