

Flower vase " Bricks "

Flower vase " Bricks "

size approx. 12 x 12 x 20 cm / 5 x 5 x 8"

If you seal the vase from the inside with synthetic resin and work very accurate, you can fill it with water and then use for real flowers.

Material as shown: alternating Bullseye 0120-30F, 0125-30F und 0124-30F, mirror for the bottom.

Glas selection as in example:

Glass pieces in original size 25 x 40mm und 25 x 20mm

yellow: Bullseye 0120-30F  
orange: Bullseye 0125-30F  
red: Bullseye 0124-30F

mirror for the bottom

For the floor take the mirror, so you can either use this vase as candle holder. I recommend to coat the mirror edge with mirror protection varnish. It is also useful to make the copper foil overlap at the mirror's coated side a little wider.

Only if you use the vase as candle holder or for synthetic flowers:  
If you cut the corners at the mirror, you produce small air holes in the bottom and later the candle burns better.

The vase is also suitable as candle holder

example

After the final cleaning of the vase I recommend to paint the bottom - this looks more professional than the usual mirror coating.

The rubber bumps ensure the perfect stand even on sensitive ground.
