Living with glass

Table decoration made from glass

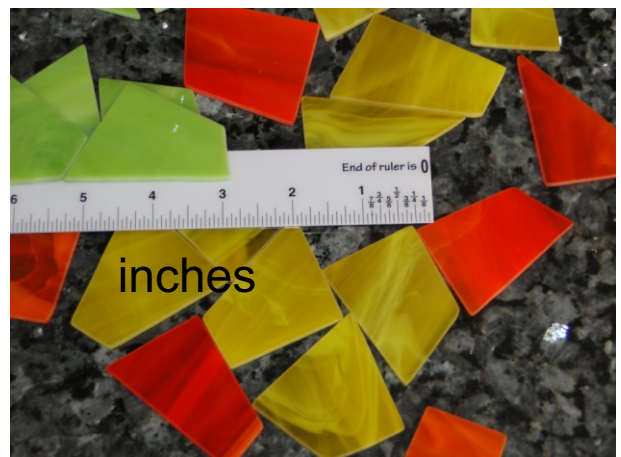

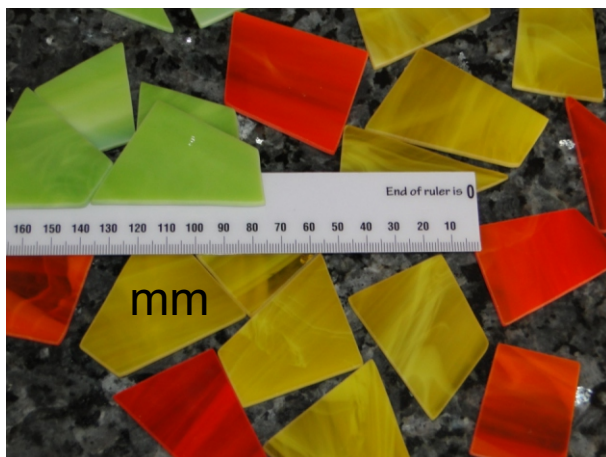

Table decoration also with textured silver mirror (Spectrum Glass SilverCoat)

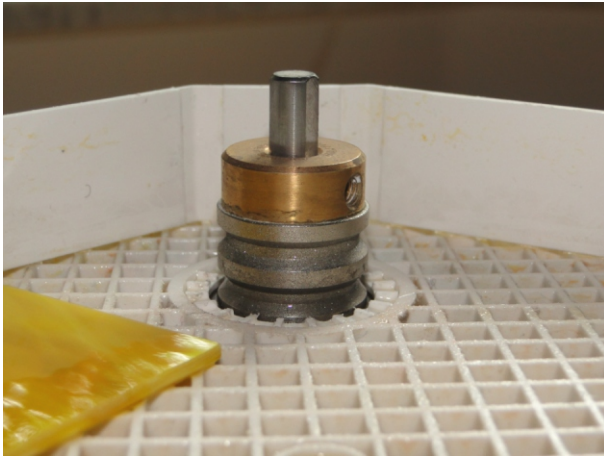

more examples...

here to see: Spectrum SilverCoat
SC110-2W golden color and SC100G silver color.

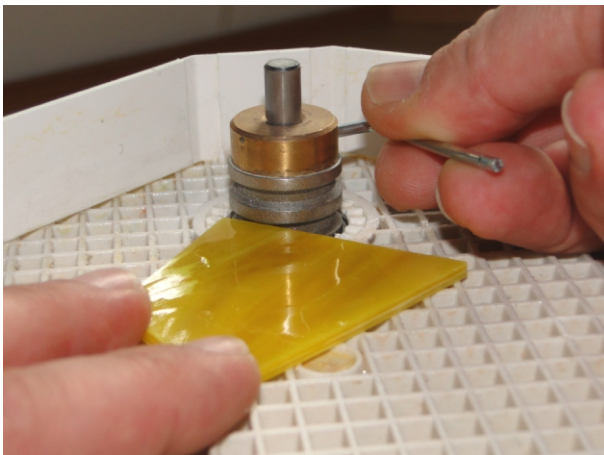

The glass pieces are cut into irregular shapes free-hand.
The size varies between 3 cm and 7 cm (1" - 3").

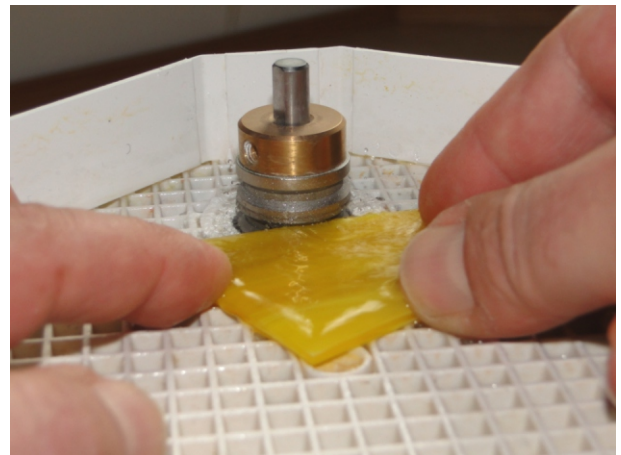

With this particular grinding head you grind a so-called C-edge.

So the glass pieces get a very nice seam.

grinding head:
Bohle mirror bit 25mm (1") fine
(3020601)

First, adjust the height position of the grinding head so that the glass edge is ground evenly from up and down.

Depending on the quality of the glass edge, go around the glass one to three times with the grinding head to obtain a uniform matt seam.

The result in magnification ...
