“ Inspiration “

Let positive colors inspire you. cheerful spring green, refreshing citrus-yellow and oriental smaragd green.

The mixing of half transparent and clear, as well as colorful segments, bring out the inspirational freedom.

This playful change of light and colors, bring an interesting refreshing modern atmosphere - no matter the size of your room.

This installation opens up a new horizon to the observer. Let your creativity have no limits.

New aspects in the cold glass production, iridescent Bullseye glass pieces:

Which through the use of a silk mat, bring out a soft and gentle iridescence and only half transparent effect of the glass designs, these are perfect for wall decoration. For one, the transparent reflection illustrates a colorful shadow play on the wall and secondly, some of the glass art pieces have, depending of the point of view, a more opaque and exciting diversity, even in small spaces.
