

## Room design - **Summer Flower** - Original size approx. 90 x 92 cm / 34" x 36"

“ Summer Flower “

### Summer flowers

Cornflower blue, peacock-eyes, blue skies, bright sun, summer as we like it.

The presented bloom of this large summer flower combines all colors as well as their characteristics.

### Big summer flower

This glass art needs the right space to show off appropriately.  
Ideally situated in a spacious openly decorated living area, also perfect for the office and conference room.

A at first unexpected shape of wall design, which spreads a special feel-good climate and at the same time will spark the interest of the viewer

Adding to the overall quality of this glass work, is the combination of clear glass structure.  
Transparent and blue tones in conjunction with rather opaque blue-acting streaky glass.
