Stele Ornament

glass for background = Spectrum 100V

list of material:

1 x bevel cluster 85 804 09

2 pieces: 42 520 00 brass tube 5mm x 1 meter

First solder the bevel set.

Cut a piece of glass of your choice in suze of 18x46cm.

Position the soldered bevel set on your glass piece and transfer the precise design onto the glas sheet.

Bevel sets are manufactured predominantly by manual work and therefor deviate always a bit in size and form from the origin design.
