4 seasons - Spring

approx. 56 x 28cm (22" x 11") plus frame

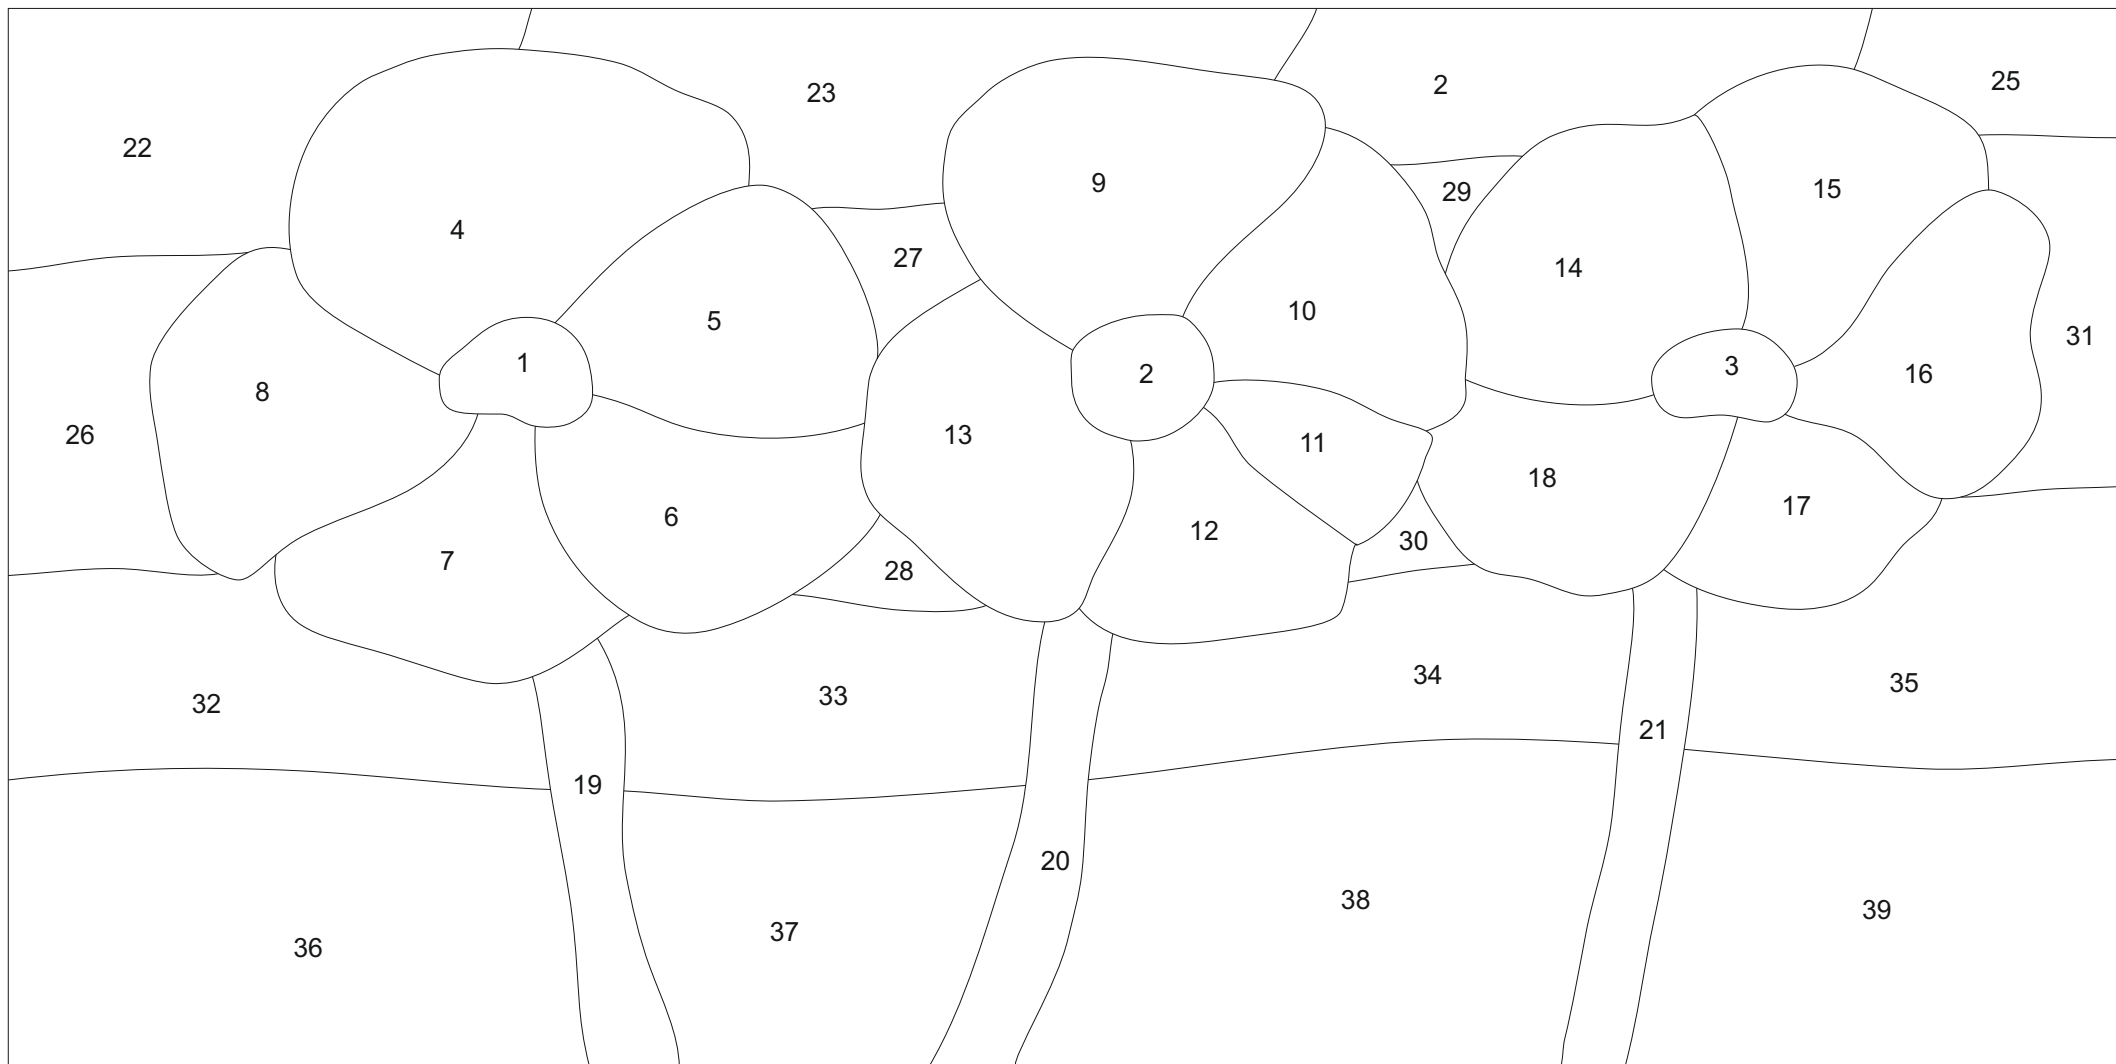

This art glass panel you can either hang in the window or put on the windowsill.

Thanks to its simple and practical framework solution you can change at any time - details on the next page...

The stainless steel glass stand you should find at your favorite glass shop (also under item # 4594600).

Material as shown in original: piece 1 - 3 : Spectrum 6000-81CC
 piece 4 - 18 : Spectrum 6069-81CC
 piece 19 - 21 : Spectrum 6022-82CC
 piece 22 - 39 : Uroboros 11- 35

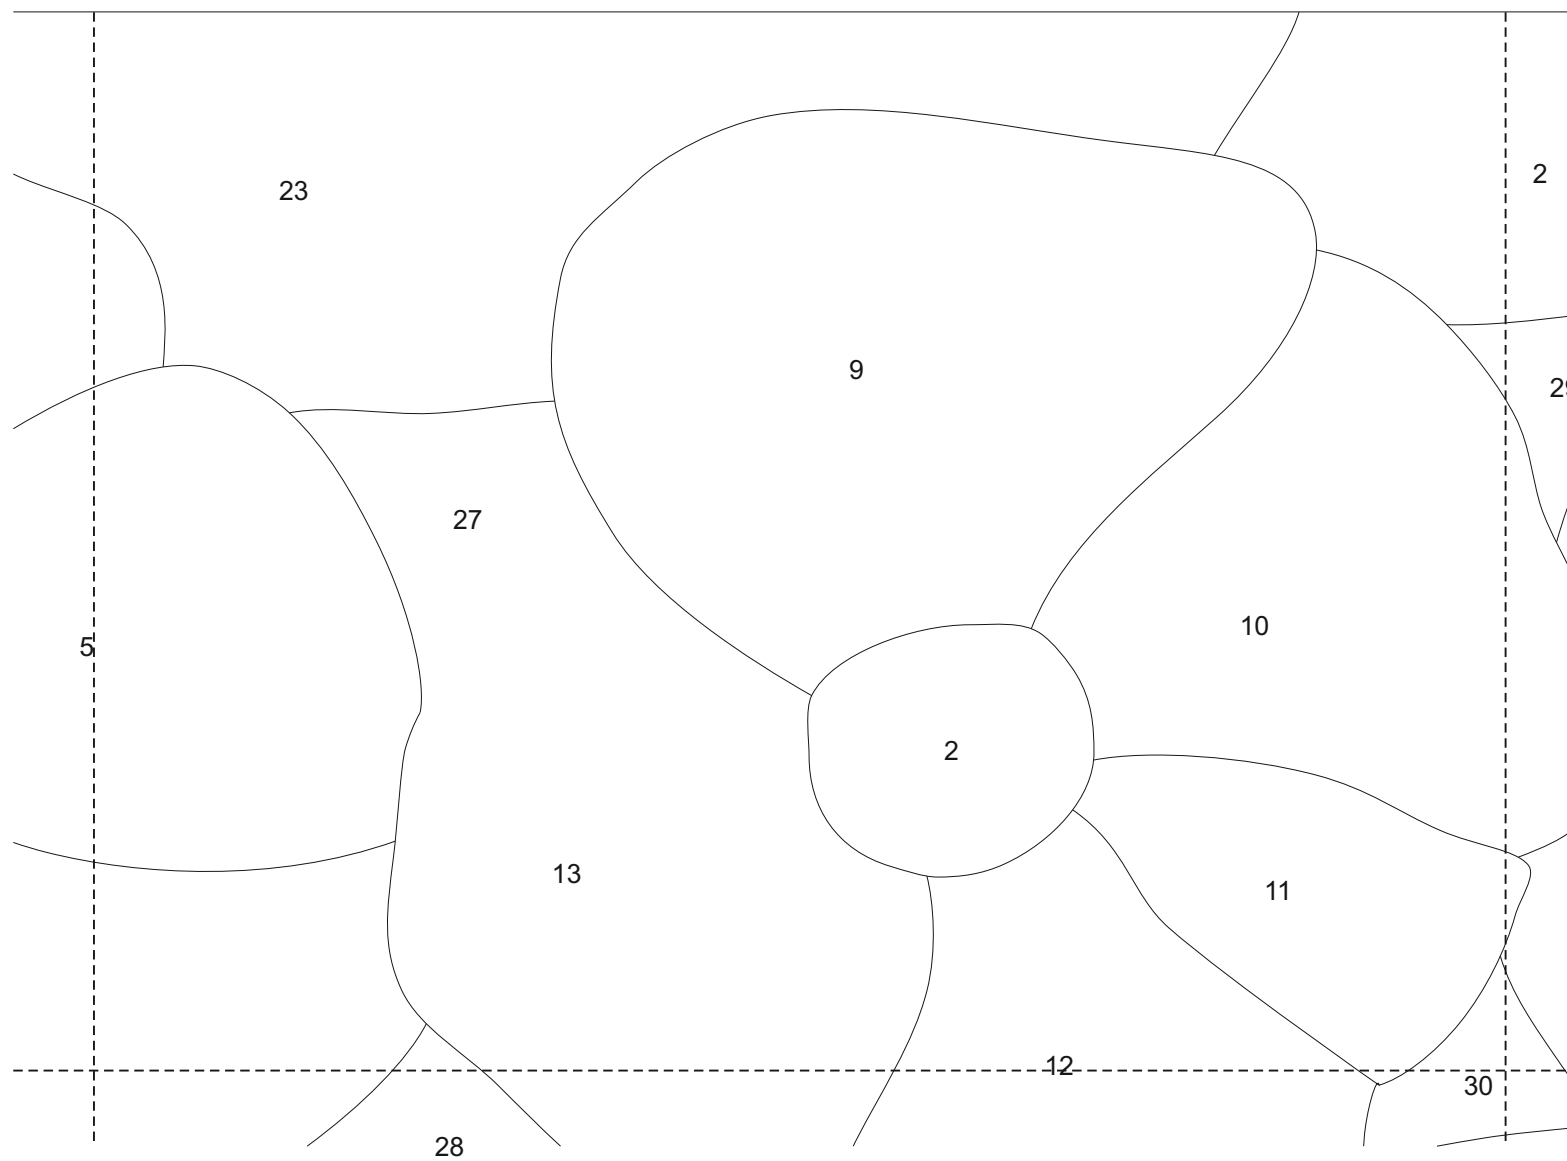

I recommend 5 mm brass tube for the frame.
 This can be soldered easily, is stable and automatically forms a clean edge.
 Leave the pipe ends open (see figure).
 To hang the panel you pull a cord through the pipe.
